Happy Friday Gerald,

Apologies for the late reply. I wanted to follow up on your discussion with Alfred re 1330 Pico and the HPOZ boundary. As requested, the attached briefly outlines the issues and timeline and includes a copy of the Councilman's motion to remove the site from the HPOZ boundaries. We are requesting that the Council Office meet with Ken Bernstein to help expedite the process to prepare the ordinance to remove the site, as required per the Councilman's motion, and to do so as a technical correction.

Please feel free to contact me directly if you have any questions or need any additional information.

Best,

Hello Alfred,

Sorry for the delayed response - Council has been in a "Recess" - I was out of the office last week and just returned.

Let me reach out and perhaps we can tag-base later this week.

Gerald

Hi Gerald, I am following up to confirm if you had the opportunity to schedule a time to discuss with Ken Bernstein the motion to remove the site from the HPOZ. Per our discussion, we have not had any success connecting with Planning on this matter. I assume they are differing to Ken as per the ordinance.

Thank you.
